TWO MISSIONS. ONE STANDARD.

At Warhawk, our machines stand for strength, loyalty, and service — the same values of our nation's Veterans. That's why we're honored to join forces with K9s For Warriors, the nation's largest provider of trained service dogs for Veterans.

Every day in the United States, approximately 20 Veterans take their own lives, and over 1,000 dogs are euthanized. Determined to end Veteran suicide, K9s for Warriors provides highly-trained Service Dogs, many of them rescues, to Military Veterans suffering from PTSD, traumatic brain injury, and/or military sexual trauma, at no financial cost to the Veteran.

With each Warhawk mower sold, a portion of proceeds goes to K9s For Warriors, helping more Veterans gain the support and healing they deserve.
